

LP13: Mini Light Arrow

Fully BS & EN compliant; TOPAS approved

Advance warning to "pass left", "pass right" or "hard-shoulder works"

- Amber LED lamps (13) forming a mini-light arrow (left or right) and 4-fold hazard warning (hard shoulder works)
- Latest 220 mm dia "Zyklop" lamps consist of only 1 LED and therefore increases the operating times by 70 %
- Lamps are fitted on a grey backing board
- Visible over a very long distance
- Ideal for use on routine maintenance and ISU vehicles
- Automatic day and night adaptation of light intensity
- 12 V or 24 V system with easy to use cab-fitted remote control
- Highways England Chapter 8 compliant; TOPAS approved and authorised by the DfT
- Available in "Fixed", "Folding" and "Vertical Lift" versions
